WHY USE TAXI-TOPS

TAXIS go where people are... they create high unaided recall from daily exposure to target consumers.

TAXIS allow visibility short-term (as little as 3-month campaigns) to year-round continuity.

TAXIS target out-of-town visitors and locals... for business and recreation.

TAXIS are a powerful point of sale medium!

TAXI advertising provides a critical element to strategic consumer frequency targeting, increasing a media campaign's overall reach and with the best CPM efficiency of all major media.

TAXI advertising reaches “working consumers” throughout core urban areas and affluent residential neighborhoods... there are no “zoned-out” neighborhoods.

TAXI advertising displays reach both sides of the road at the same time... providing exposure to all adjacent vehicles, pedestrian, and passenger consumers.
